Congratulations

To Rob and Sandra Morris

At midday on Saturday 23rd November 2019 the bells of St Martin's Without, Stamford, rang out in celebration for Rob Morris and Sandra. They were being married at The George Hotel in Stamford that afternoon. A team of Rutland ringers rang the bells which could be heard at the wedding venue. The couple now live in Norfolk, a Service of Marriage Blessing in their local church on November 30th. Rob previously lived at Langham and was a regular at ringing practice nights there and at Braunston, plus a few others also. Our very best wishes to them both.

7.00pm – Ringing out for Peace Friday 8th May 2020

In association with the Central Council of Church Bell Ringers, bells in cathedrals, churches and other locations will ring out at 7pm in a collective celebration of peace.

Church bells will be rung throughout our nation and around the world in celebration of the peace and friendships we share today.

Do consider registering your tower to ring on May 8th, in celebration. We aim to have ringing in as many of our Rutland towers as possible. To achieve this we plan to co-ordinate ringing as we did for other recent significant events.

Do let us know if you have registered your tower.

VE DAY
75TH ANNIVERSARY
A SHARED MOMENT OF CELEBRATION
8 TH MAY 2020

VJ Day 75 years.

15th August 2020

75th Commemoration of VJ Day In 2020

The Royal British Legion will be asking the nation to remember the impact that leaving, missing and returning home has on service men and women & their loved ones – then and now. The commemorations for both VE and VJ Day will be the central part of our national remembrance and will bring home the scale of service and sacrifice made by men and women of the Second World War generation.

It is hoped that our Rutland bells will ring out on this day also.

From <http://www.pdg.btck.co.uk/> latest news Re Loughborough Bell Foundry

The President, Geoff Pullin, reports-

I have received a letter dated November 12, 2019 from David Potter MBE in his capacity as a Trustee of the above trust, which has been set up to restore the historic buildings of the only dedicated bellfoundry that is working in the country. David is also Advertising Director of John Taylor & Co.

Dear Geoff

I am writing to you and enclosing a number of copies of our appeals literature for distribution to any of your Association/Guild members who might like to support our quest to raise £1 million for the restoration and development of the Loughborough Bellfoundry buildings. The Heritage Lottery Fund have allocated nearly £4 million towards the scheme, but to release this we have to "match fund" by raising our £1 million contribution - hence the appeal.

After raising the £1 million, and before we can start any major work, we need to satisfy the so – so many forms to fill in and meetings to be had, but we are positive and look forward to Britain's only remaining specialist bell foundry looking splendid once again.

Please do contact me if you or any of your members would like further copies of our appeals literature. Thank you.

Yours sincerely, David E Potter on behalf of The Loughborough Bellfoundry Trust.

If you would like to contribute towards this massive restoration and improve the facilities for future visitors, you can see and print off the appeal leaflet, with details of how to donate.

NB

Please see the leaflet. It has been sent with this newsletter as a separate attachment.

Christmas Greetings

On the 14th of December, it will be three years since Brenda and I left Rutland and moved here to Norfolk.

We bought an old house, originally built to 1779 which has been, in it's time, a pub, a row of cottages built for workers at the manor in the village and a post office and shop. Not sure how they made a living as our hamlet is only 18 properties! We have spent the last three years having part of it rebuilt, having low doorways heightened! etc.

Because we have been so busy instead of the four nights a week ringing, I now do only two which are on Mondays and Tuesdays.

Monday ringing is with a group called the Wensum Wanderers (after the river Wensum) and we ring at four different churches, in turn, 3 six bell and one eight bell. On Tuesdays I travel over to Gressenhall which are a lovely 10 with the tenor at 9 cwt. I believe they started as a 5, then were augmented to 6, then 8 and finally, about 20 years ago with the addition of two trebles which were gifted to the church, a 10. They are really lovely bells to ring with no 'vices' . There are many peal boards in the tower and I thought some of you might be interested in one, which I have reproduced below, which I think you will admit, was a long peal (not sure how they managed without toilet breaks!) This was before the augmentation to 10 bells. One of our current ringers, Peter Adcock remembers it .

Brenda and I would like to take this opportunity to wish you all
a very Merry Christmas and a Happy New Year
